## ENGINEERING WORKS

We are a reputed organization, engaged Manufacturers, Wholesaler, Supplier, Service Provider and Exporter in providing qualitative range of, Sheet Metal Fabrication, Sheet Metal Components, Control Panel Fabrication, Metal Dies & Punches, Jig Fixtures, Press Metal Parts in Brass, Copper, Stainless Steel, Mild Steel, Laser Labour Job , LT & HT Switchboards and many more.

## About Us

Vishal Engineering Works; Shahapur, Thane (M.S) – Engaged in Designing, Manufacturing and Supplying of Sheet Metal Parts, Control Panel Fabrication and Metal Dies & Press Metal Parts. LT & HT Switchboards

We are pleased to introduce ourselves as an ISO 9001:2015 certified professional Group Organization engaged in Designing, Manufacturing and Supplying of Sheet Metal Parts, Control Panel Fabrication and Metal Dies & Punches, Jig Fixtures, Press Metal Parts in Brass, Copper, Stainless Steel, Mild Steel, LT & HT Switchboards etc. since 1996.

We are supported by sophisticated in house manufacturing facility like a CNC Punching (AMADA), CNC Bending and Shearing (HINDUSTAN HYDRAULICS) etc. As well as, we have tie-up with one nearby well established Powder Coating Firm for Powder coating of sheet metal parts and Control Panel fabrication, So that we can easily deliver the Jobs to our customer duly powder coated.

We are professionally managed Organization having skilled & well experienced Engineers & other man power for designing, manufacturing and stage wise inspection of material to supply high quality products to our customers.

The management strategy is to ensure excellent quality products and services to all customers through final inspection as well as in-process inspection & control as per the relevant IS standards. We are purchasing high quality raw material mostly from manufacturers and ensure internal inward inspection strictly.

We have earned a strong reputation in India through customer satisfaction and we strongly stands in this field about one and half decades mostly due to Best & Consistent Quality.

# CNC JOB WORKS

## 1. CNC Turret Punching Services

CNC Turret Punching Services Job Works services are executed using the finest quality raw material in compliance with the industry standards.

Other Details:

Reliable

Expertly delivered

Cost effective

mild steel - 4 mm thickness

aluminium- 4.0mm thickness

width – 1520mm

length- 3000mm + 1250mm

## 2. Shearing Job Works

We are known to be the reputed services provider of Shearing Job Works. – 3200 length - 4mm thickness.

Features:

Latest technology used

Well planned and executed

N C machine

min thickness 0.3mm

max thickness 6mm ( MS + aluminum)

## 3. Bending Job Works

With a motto to maintain long term relations with the clients we service provide Bending Job Works. We are backed by a team of experts who offer quality oriented services at highly feasible prices. Our team offer these services in various sectors and industries like automotive industry, engineering industry and many more. Quality is not compromised by us at any stage and we follow them at all levels.

Features:

Well planned

Time execution

Long life

# Sheet Metal Fabrication

Our company manufactures a quality range of Mild Steel Products with the aid of advanced technology. Available in varied specifications, these products are supplied in the market at reasonable prices after stiff quality grounds.

Owing to the high quality raw materials that are used in the manufacture, its resistance to corrosion, sturdiness and life span is highly commendable. For the purpose of maintaining its quality, we process it through a number of quality tests. Further, its fine finish and affordable pricing make it one of the best options available.

## Features:

High resistance to corrosion

Unmatched sturdiness

Superior life span

**M S Filter Frames**

**M S Tray**

**M S Cupbords**

**M S Locker**

## Sheet Metal Enclosures

Quality assurance is the hallmark of our company and that has helped us manufacture and supply Sheet Metal Enclosures that are durable and cost effective. Our Sheet Metal Enclosures are highly resistant to corrosion and have high tensile strength. Moreover, these Sheet Metal Enclosures are available in various sizes to successfully meet the diverse demands and requirements of the customers.

### Features:

High quality

Cost effective

Reliable

# Junction Box

## Junction Box Manufacturers

We offer wide array of high grade junction boxes that are widely used in construction, electronics software companies and other allied sectors for varied purposes. The strong and durable junction boxes offered by us are available in different size specifications depending on cable raceway to cater to varied needs of our diverse client base. The easy availability and competitive prices of our boxes have placed us amidst the well reckoned junction boxes manufacturers and suppliers from Bangalore, Karnataka.

### Features:

High quality

Cost effective

Reliable

## List of Major Machines

| SR. NO | MACHINE TYPE  | QTY | UNIT |
|--------|---|-----|------|
| 1      | CNC Turret punching machine make AMADA              | 1   | NOS  |
| 2      | CNC Hydraulic Press Break make HINDUSTAN HYDRAULICS | 1   | NOS  |
| 3      | Shearing machine make HINDUSTAN HYDRAULICS          | 1   | NOS  |
| 4      | Surface Grinding 6x12                               | 1   | NOS  |
| 5      | Surface Grinding 8x14                               | 1   | NOS  |
| 6      | Lathe   | 1   | NOS  |
| 7      | Drilling  | 1   | NOS  |
| 8      | 10 to 50 ton Power Press                            | 16  | NOS  |
| 9      | Tapping Machine                                     | 4   | NOS  |
| 10     | Hand Press  | 10  | NOS  |
| 11     | Rolling Machine                                     | 1   | NOS  |
| 12     | Milling Machine                                     | 1   | NOS  |
| 13     | De-burring Machine                                  | 2   | NOS  |
| 14     | Automatic feeder machine                            | 1   | NOS  |
| 15     | Spot Welding  | 3   | NOS  |
| 16     | Electro polishing Unit                              | 1   | NOS  |
| 17     | Welding Machine                                     | 3   | NOS  |
| 18     | Standoff and Rosen Fitted Machine                   | 1   | No   |

## Products we fabricate

- Power Control Center Panel / Motor Controller Center Panel
- Distribution Boards
- APFCR Panels
- AHU Control Panels
- Out Door Panels
